The diagram illustrates a file dependency structure. At the top is a grey box representing a header file: /home/joao/Documents/Projetos/Porto-rivers-cruise-manager/src/menu.h. Below it are two white boxes representing source files. The left box is /home/joao/Documents/Projetos/Porto-rivers-cruise-manager/src/main.cpp, and the right box is /home/joao/Documents/Projetos/Porto-rivers-cruise-manager/src/menu.cpp. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header file.
